What is WhatsApp Blue tick?

A blue tick badge indicates that your brand is genuine, one-of-a-kind, and trustworthy. Credibility and Trustworthiness: A verification badge adds a layer of credibility to a WhatsApp Business account. It signals to users that the account is authentic and officially verified by WhatsApp.

Blue Tick WhatsApp from Meta

Prerequisites

Following is the prerequisites for blue tick WhatsApp:

- Company Registration Details (GST Certificate)
- Company Web site
- Facebook account with Facebook page
- One dedicated mobile number (Which cannot be used for sending WhatsApp from mobile)

Documents and Details required

- Name of the company website
- Facebook user name and password (Only one time it would be required for configuration)
- Mobile number to be used for WhatsApp
- Bank Statement of one day
- Email address (Linked with domain name)
- Aadhar Card

Registration process

- Submission of all above documents and details
- Meta authorised Vendor will configure Facebook for WhatsApp(OTP will be required for 3 to 4 times)
- Once registration is done,
 - We will provide you link with credentials.
- We will provide training and you can start using WhatsApp
- Credit Card needs to be mapped with Meta account for monthly charges by Meta.

When Blue tick will be visible in WhatsApp?

Once you send 1,00,000 WhatsApp messages , you are eligible for blue tick until that only your company name will be displayed.

Meta will approve blue tick after reviewing your web site and your Facebook page.
